

ALCHEWAT HARMONIC

NEUTRALIZATION AND HARMONIZATION OF INTERFERENCES

Our technology is simple but very effective. The **ALCHEWAT** Harmonic is activated in our company via a certain frequency and offers the following advantages:

Neutralization, shielding and equilibration

- Natural frequencies
- Water veins, Hartmann knots and geopathies
- Natural and artificial electromagnetic fields
- Electrosmog from electrical and high-voltage lines
- Transformers and capacitors
- Electromagnetic waves, cell phone frequencies, WIFI, Bluetooth, etc.

Since we humans are "living antennas", we are particularly sensitive to all of this. Hence, it is important to neutralize them.

ALCHEWAT HARMONIC

NEUTRALIZATION AND HARMONIZATION OF INTERFERENCES

The device works without electricity, without chemicals, is easy to assemble and does not require any maintenance. Each **ALCHEWAT** Harmonic is unique, a particularly harmonious decorative element that fits perfectly into any room.

We would like to point out that water veins, fixed line, Curry or Benker grids etc. cannot be removed, but the interference fields emanating from them are neutralized and balanced.

Positive perceptions are subjective and change from person to person. They range from headache relief to improved sleep, deeper and more uninterrupted, resulting in more relaxation and a more vital day and an associated improvement in one's own wellbeing.

ALCHEWAT Harmonic should be positioned as "centrally" as possible in the area to be harmonized so that its effective area of around 20 meters can reach all rooms. We recommend that you follow your instincts and experiment and test at several points in the building to be harmonized.

Legal information: We would like to point out that there is currently no scientific recognition of the functionality of **ALCHEWAT** Harmonic by traditional western science. The evaluation of the effectiveness takes place exclusively on the basis of personal sensory experiences, which are made through the references of our customers. In addition, we offer **ALCHEWAT** Harmonic as a device for the general wellbeing of the person rather than a remedy. The use of **ALCHEWAT** Harmonic must not interrupt the medical treatment prescribed by a doctor.

OLD “TECHNOLOGIES” FOUND AGAIN?

In the sea of information in which we are immersed today, there is extraordinary news that unfortunately fades into the background. In 1911 my grandfather started collecting documents, patents, books and documentation on technologies for harmonizing the environment, humans and animals. My father started applying these theories and technologies in agriculture with positive results. In 1984 the third generation of our family began to follow this path and to test the "family technologies" and to develop them further. The various **ALCHEWAT** systems have been manufactured in Bolzano in South Tyrol since 2010. Our technology is based on the studies, theories and techniques of the great geniuses of history:

Ing. Bernard B. Kazhinski (1890-1962)

MD. Alexander G. Gurwitsch (1874-1954)

Ing. Georges Lakhovsky (186 – 1942)

Ing. Nikola Tesla (1856-1943)

Royal R. Rife (1888-1971)

MD. Dmitrij I. Mendelejew (1834-1907)

D. C. Wladimir I. Wernadski (1863-1945)

MD. Vladimir M. Bekhterev 1857-1927)
